DETAILED ACTION

Election/Restrictions

1. Claims 1-10 directed to an allowable process. Claims 11-25 depend from claim 1, but we previously withdraw from consideration. Claims 11-25 are now subject to being rejoined because they are allowable for the same reasons as claim 1. Claims 11-25 hereby rejoined and allowed.

Currently, claims 1-25 are pending application.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael E. Fogarty on 4/15/04.

The application has been amended as follows:

The claims 11-25 are rejoined,

The claims 26-28 are canceled.

Allowable Subject Matter

Applicant's arguments have been fully considered and are persuasive, see "Remark" on papers 11-16, filed 03/03/04, with respect to claim(s) 1-25. The claims are allowed by following the reasons:

As to claims 1-25, the prior art does not teach *the method of analyzing electromagnetic interference from an LSI particularly defined by the characteristic step of calculating information of an equivalent power source current flowing in a power source current from circuit information of the LSI; and estimating step of considering at least one of power source information of a power source for supplying a current to the LSI; and measurement system information of a measurement system for measuring characteristics of the chip is reflected in the circuit information of the LSI to estimate the total information of an equivalent circuit; in combination with the other claimed features.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tung X Nguyen whose telephone number is (571) 272-1967. The examiner can normally be reached on 8:30am-5:00pm M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kamand Cuneo can be reached on (571) 272-1957. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
